

Castlerea Community School Code of Behaviour

Mission Statement

Castlerea Community School is dedicated to the pursuit of excellence in education in a caring environment of mutual respect so as to foster the full potential of its students and staff. In partnership with parents we strive to create a desire for lifelong learning, respect for the individual, an awareness of the needs of the disadvantaged, concern for the environment and an appreciation of our own unique culture.

School Ethos

At the heart of school endeavours is the total welfare and wellbeing of each and every person in a positive and safe environment, building positive relationships of mutual respect and mutual support among students, staff and parents/guardians. Castlerea Community School strives to produce an environment conducive to good teaching and learning in which each student can realise their potential and maximise their opportunities for success.

Further, we aim to foster in students, lifelong values, attitudes and skills - social, practical, academic and spiritual, which will help them to meet with confidence whatever challenges life may bring. In so aiming, we are conscious of the different realities of student lives and the need for an orderly environment. In sending your child to Castlerea Community School, you the parents/ guardians understand and accept the Code of Behaviour of the school.

Castlerea Community School Code of Behaviour seeks to adopt a positive approach to the behaviour the school wishes to promote. Good manners, courtesy, cooperation and respect for others are central to this. Our school is a community of people with shared interests and goals, helping young people to mature into responsible participating citizens.

The School places particular emphasis on good behaviour, acknowledging and rewarding it when it is apparent as well as recognising the individual and collective achievements of students. Recording or posting of any images or sounds of staff members or students on social media is deemed a serious breach of the Code of Behaviour and appropriate sanction will be imposed. This kind of activity may also result in civil or criminal action.

Sexting

Sexting is the sharing of sexual text, video and photographic content using mobile phones, apps, social networking services and other internet technologies. The sharing of explicit text, images and/or video, is an unacceptable and absolutely prohibited behaviour and will have serious consequences and sanctions for those involved in accordance with the school's Code of Behaviour.

Items should be clearly labelled and not left unattended. The school recommends that valuable items be left at home.

CCTV

CCTV systems are installed (both internally and externally) in CCS for the purpose of enhancing security of the building and its associated equipment as well as creating a mindfulness among the occupants, at any one time, that a surveillance security system is in operation within and/or in the external environs of the premises during both the daylight and night hours each day. CCTV surveillance at the School is intended for the purposes of:

- protecting the school buildings and school assets, both during and after school hours;
- promoting the health and safety of staff, pupils and visitors;
- preventing bullying;
- reducing the incidence of crime and anti-social behaviour (including theft and vandalism);
- supporting the Gardai in a bid to deter and detect crime;
- assisting in identifying, apprehending and prosecuting offenders; and
- ensuring that the school rules are respected so that the school can be properly managed

Procedures for breaches of Code of Behaviour

Where the school deems it necessary to impose sanctions, these are viewed as a positive intervention and a means to improve student behaviour.

Each case of a breach will be treated on an individual basis with regard to how serious the breach is. The past record, attitude and general behaviour of the student will be taken into account.

Class teacher – Most instances of misbehaviour or indiscipline may be dealt with immediately by the class teacher. S/He has a number of options available, depending on the nature of the situation. Issues such as punctuality, homework etc are recorded in the student journal and the points system is applied. Teachers may give a written report to the Year-head outlining breaches of the code of good behaviour. On referral the Year-head will speak to the student, offer guidance and explain the consequences of further misbehaviour.

An accumulation of points will result in further sanctions which may include one or more of the following:

- completion of relevant additional work
- lunchtime detention
- report card to monitor behaviour
- withdrawal of privileges from the student such as participating in school events
- Friday evening detention
- formal meeting with parents and
- suspension.

Parents will be notified of detention through the school journal (to be returned signed). The fact that Friday evening detention may be inconvenient will not excuse the student from this sanction. In the event that a student misses detention, appropriate school sanctions will be applied. Course work / relevant additional work may be assigned for completion during detention or suspension.

All reports by teachers are discussed at a weekly meeting. A file is kept on each student to monitor their progress.

It will be in the remit of the Principal / Acting Principal, in line with NEWB guidelines, to suspend a student for up to 3 days. In consultation with the Chairperson of the Board of Management, a student may be suspended for a period of up to 5 days. In exceptional circumstances, it may be deemed necessary to suspend a student for up to 10 days, following a meeting of the BOM. Students may be suspended from class internally pending a meeting with parents/guardians. A decision to suspend a student from school will be communicated to the parents/ guardians by letter. Students may only return after suspension following a meeting of the student concerned and his/her parents/guardians with the Principal/Deputy Principal.

In the event that students are involved in behaviour outside of school (time) that impacts negatively on any member of the school community, school management reserves the right to intervene.

The school reserves the right to decide which course of action is taken in instances of breach of discipline. The Board of Management reserves the right to exercise expulsion for breaches of the Code of Behaviour.

SUSPENSION/EXPULSION POLICY

The Board of Management recognises its duties under the Safety, Health and Welfare at Work Act, 1989, to provide a safe place of work and a safe system of work for its employees and for students. The Board is committed to ensuring that good order and discipline is maintained in the school and that the safety of all employees and students is safeguarded. This policy statement is to be considered in conjunction with the Code of Behaviour and other relevant policy statements. When considering cases for suspension or expulsion, the following procedures will apply in accordance with Chapters 10, 11 and 12 of the NEWB Guidelines (2008).

Short-term suspension:

Short-term suspension is viewed as a constructive measure. It provides the student with a period of reflection so that he/she will be able to participate in school in a positive and effective manner on his/her return.

Under normal conditions when a student is suspended from school the following procedure is adhered to.

1. The student and their parents / guardians will be made fully aware of the allegation and will have an opportunity to discuss and respond to the allegation.

3. The reason for the suspension is stated.
4. The duration of the suspension is stated.

7. Parents/Guardians have the right to be present at the 'Appeal Hearing'.
8. If attending, they must inform the Secretary, BOM, of their intention within two days of the meeting.
8. Parents/Guardians are required to meet the principal or her representative on the student's return to school after a period of suspension.

In exceptional circumstances immediate suspension may be required in which case parents/guardians are contacted at the earliest opportunity and asked to remove the student from the school premises.

Permanent Exclusion/Expulsion

Exclusion from school is considered a serious matter and the decision to exclude is not taken lightly. Permanent exclusion is considered for a disruptive student when the behaviour is a cause of significant disruption to teaching and learning and when all efforts at rehabilitation have been exhausted.

Permanent exclusion is also considered in the following circumstances:

- A. Where a student presents a real and significant threat to the safety of the school community, students or school personnel.
- B. The student is responsible for actual violence or physical assault towards a member of the school community.
- C. The student is involved in the sale or supply of illegal drugs to other students during the school day, on the school premises or on school activities.
- D. Sexual assault

When permanent exclusion is considered, the following procedure will apply in accordance with the NEWB Guidelines (2008)

1. A detailed investigation is carried out under the direction of the principal.
2. A recommendation is made to the Board of Management by the principal that student X be permanently excluded from the school.
3. The principal will inform the parents and the student that a recommendation is being made to the Board of Management to consider expulsion and the reason for the recommendation is stated.
4. The right of the Parents/Guardians and students over 18 years to appeal to the Board of Management the recommendation of the principal to expel is stated.
5. Should the Parents/Guardians decide to appeal the recommendation to the Board of Management a date and time for the Appeal Hearing is arranged. Parents/Guardians are advised that they may make a written and oral submission to the Board.
6. Following the hearing the Board decides and the decision of the Board is communicated to the Parents/Guardians by registered letter.

Appeals

With regard to suspension and expulsion, Section 29 of the Education Act (2000) provides, in certain circumstances, for an appeal to the Secretary General of the Department of Education and Science. The Board will advise parents of this right should the need arise.
