

Castlerea Community School
Admissions (Enrolment) Policy

Section 1: Tradition, Mission and Etos

Castlerea Community School is a modern, Co-educational Community School founded by The Department of Education & Science in **1993**. A Board of Management under the Trusteeship of the Sisters of Mercy and Co. Roscommon Vocational Educational Committee, manages the school. Parents/Guardians and Teaching Staff also have representation on The Board of Management.

Mission statement

Castlerea Community School is dedicated to the pursuit of excellence in education in a caring environment of mutual respect so as to foster the full potential of its students and staff. In partnership with parents, we strive to create a desire for lifelong learning, respect for the individual, an awareness of the needs of the disadvantaged, concern for the environment and an appreciation of our own unique culture.

The founding intention of the Trustees challenges the school to be inclusive, and cater for all the educational needs of the students whose enrolment has been accepted at the school. It challenges the school to be truly an educational resource for the local community, to be mindful of local educational needs and to focus on the importance of a value based, Christian Education. The characteristic spirit of the Sisters of Mercy and Co. Roscommon Vocational Education Committee obliges the school to build on these values and principles and provided the context for the mission of the school, the school plan, its operating policies and the day to day work of the school.

Ethos:

All who work at the school constantly strive to make Castlerea Community School a welcoming school. Our school is multi-denominational in character with the majority of our students of the Catholic Religion, inclusive in our intake and comprehensive in our curriculum. Details of the specific curricular subjects available at the school may be obtained from the school office. Our behaviour management strategies and structures are built on the principles of justice and fairness. We endeavour to fulfil our mission in partnership with parents/guardians, staff, students, trustees and the local community.

Section 2- Our school

The Board of Management and staff of Castlerea Community School support the principles of:

- Parental choice in relation to enrolments
- Respect for diversity of traditions, values, beliefs, languages and ways of life in society.

The school operates within the context and parameters of Department of Education and Science regulations and programmes and the funding and staffing resources available. The school acknowledges the rights of the Trustees as set out in education legislation. In particular the school is committed to take account of the religious and educational philosophy of the Sisters of Mercy and Co. Roscommon V.E.C. as Trustees of the school.

Resources:

The Department of Education and Science funds the annual financial and teaching resources of the school.

Castlerea Community School accepts all students that apply for enrolment to the Castlerea School who qualify for admission under the admissions policy as agreed by the Board of Management and the School Trustees. In addition admission is subject to the resources available to the school including physical classroom accommodation, class size, teaching and financial resources and is also subject to the capacity of the school to provide for the educational needs of those who apply for admission. Where the school, subject to the terms of the Board of Management admissions policy, lacks the necessary resources to meet the needs of any applicant or student it will make every effort to secure those resources from the Department of Education and Science. Where the resources cannot be secured then the school reserves the unfettered right to refuse admission.

The implementation of the curriculum, the pastoral care programme, the school development plan and school policy have due regard to the resources and funding available. The school follows the curricular programmes prescribed by the Department of Education and Science, which may be amended from time to time, in accordance with Sections 9 and 30 of the Education Act 1998.

In either case, the school will make all reasonable effort to accommodate such a meeting prior to making a decision on an application.

Decision Making Process:

The Principal may refer any application to the Board for decision.

Parents/Guardians will be advised of the outcome of their application within 21 days of their application.

The Board of Management will determine the number of students to be accepted into First Year – that figure will depend on the overall number of students in the school, the overall capacity for which the school was designed, the capacity of the school to fulfil its obligations under educational programmes currently in progress, the approved teaching resources and the class size limitations which are predetermined.

Class Size:

In deciding the number of students to be enrolled in any class, educational programme or in any school year, the Board of Management has adopted a policy on the maximum numbers of students to be accommodated in any class group conscious of the available classroom space, the level of equipment available for student use in that subject area, sound educational concerns, opportunity for student achievement, experience of best practice over, special needs facilities, good order, grade and level of subject area, health, safety and welfare of students and staff, and a desire for an ongoing calm industrial relations climate in the school. These class sizes vary from subject to subject with 30 students in general academic subject areas (e.g. English, Maths, etc), to 24 students in some of the practical subject areas (e.g. Science, Metalwork, Technology, Materials Technology, Art etc), 20 students in Home Economics to 14 students in the Special Learning Support class group. The assessment Test may guide the school in it assignment of students to classes.

The school commits itself to working closely with the SENO in ensuring that students with special needs are given every assistance subject to available resources to achieve their educational potential.

Decisions regarding admissions are a matter for the Board of Management. However, this task is delegated to the Principal who decides on such matters in accordance with the school's admission policy.

Admissions for any school year will be considered as soon as possible after the application is received. The school will respond to each application within 21 school days of receiving it but may not be in a position to make a decision on some applications until later in the school year when its current students have given an indication to the school authorities of their intention to return to the school in the forthcoming school academic year. This will certainly be so in the case of applications for senior cycle courses, as the school may not yet have begun to survey its own students about their preferences for senior cycle.

A decision will be made in respect of each application following the timing above and the selection criteria set out below and is subject to the class size limitation imposed by the Board of Management for different subject areas and the capacity of the school to provide the academic subjects sought by the student at an appropriate level i.e. higher/lower.

The attendance record of a student in their previous school shall also be an important factor.

The availability of suitable places in any given year group shall be of paramount importance and shall be one of the determining factors of admission.

Note the following regarding Senior Cycle: At an appropriate time each year the school will take steps to determine what are the intentions of its own students for the following school year. Students in Junior Cert will be required to signal their intention for the following year. When this process is complete the school will determine whether and how many places may be available to students from outside the school. Priority will be given to students from within the school that are permitted by the school, in accordance with Department regulations, to repeat a school year. It is a pre-requisite that students have sat their Junior Certificate examination (at least 5 complete papers to include English and Maths) before an application for entry into Senior Cycle will be considered. This applies to existing and new students.

Applicants are required to submit a reference from their previous school(s). Failure to complete any of the necessary documentation listed above or to supply any other relevant documentation requested by the school may result in an applicant being refused admission to the school.

Decision Making Process:

Decisions regarding admissions are a matter for the Board of Management. However, this task is normally delegated to the Principal who decides on such matters in collaboration with the PLC Co-ordinator and in accordance with the school's admission policy. The Principal may refer any application to the Board of Management for final decision.

All students enrolling at the school must supply an original Birth Certificate (returnable), a copy of which will be retained on school files/records or other appropriate identification as determined by the school.

All such applications will be considered on an individual basis, subject to the availability of a place in a specific class or subject area at the time of application. From time to time it may arise that the

demand for a particular subject or at a specific level for any subject or for a particular programme may exceed the number of places normally available on that programme. The school will make every effort – within the constraints of the accommodation, teaching resources, accommodation and equipment – to accommodate all such students. Where all students cannot be accommodated the following shall apply:

- Priority will be given to students from within the school
- Priority will be given to students who return fully completed application forms by the dates specified by the school.
- Meet the school's specific entry criteria which is outlined
- Furnish full and honest reason for seeking such admission

Where it is not possible to accommodate all applicants:

- Entry to specific subject levels will be determined by the student's previous performance at that subject relative to the other applicants; their result in state examinations where available will also be considered.
- Entry to specific subjects will be determined by reference to the preferences indicated by students on their application form and by reference to the student's previous performance at that subject relative to other applicants; their result in state examinations where available will also be considered. Where this does not satisfactorily resolve the issue, the school may survey the students' previous teacher(s) about their suitability for the subject or alternative subjects and the school may also take into account the availability of other suitable subjects available to competing applicants.
- Entry to specific programmes will be determined following a review of the application forms and an interview process designed to ascertain the relative suitability of the applicants for the specific programme. Where this does not satisfactorily resolve the issue, the school may survey the students' previous teachers about their suitability for the programme. The school may also take into account the availability of other suitable courses within the school to competing applicants.
- Where the above criteria have been exhausted then a final decision on this matter will be made by the school Principal under the direction of the Board of Management

Admission to repeat a year:

All such applications are subject to the relevant Department of Education & Science Guidelines. The Department normally restricts students to maximum of six years at second level and does not allow students to repeat a year unless there are exceptional circumstances.

- Furnish to the school a full and honest reason for seeking a repeat year placement.
- Applications will also be considered in the light of places available on the relevant programme, subject to the class size and overall enrolment restrictions set out elsewhere in this policy.

- Applications must be in writing and must state the relevant Circular and the particular clause(s) being invoked in support of the application.
- Applications must be accompanied by supporting documentation as appropriate.
- Applications will not be considered until the written application and supporting documentation have been submitted to the school.
- The school must be satisfied that the applicant, in light of the special circumstances that gave rise to the application, applied him/herself to the best of their ability.
- Students taking a programme for the first time may be given priority in terms of subject choices within the programme.

Admission to repeat the Leaving Certificate Programme:

The school does not operate a Repeat Leaving Certificate Programme. It does not normally provide any additional teaching to cover material normally covered in the Leaving Cert Year. Students who apply to repeat the Leaving Certificate at the school will be considered

- Meet the school's entry criteria within the limitations imposed on school resources
- Provide the reason for seeking a repeat placement
- In the light of actual places available in the relevant subjects, at the appropriate level, class size limitations, the overall programme and overall enrolment within the school
- In the light of the students previous academic record, application to studies, attendance etc

Appeals Procedure:

All applicants will receive a written answer to their request as set out above. Where possible, this will be done within 21 days of receipt of the application. Where it is not possible to make a decision on an application at the time it is received, the procedures to be followed will be explained in writing to the applicant within 21 days of receipt of the application.

A decision to refuse admission may be appealed to the Department of Education & Science under Section 29 of the Education Act. The name and address of the persons to whom an appeal should be addressed will be included in the notification to refuse admission, as will the time constraints involved.

Success Criteria:

The applications process is managed effectively each year. There is clarity and transparency about the process. Applicants are informed in good time about the status of their application and, where an application is refused in accordance with this policy, have reasonable opportunity to make alternative arrangements.
